

SENG 305 - Operating Systems Project

Task 0

The project requires the **xv6 kernel** teaching OS developed at MIT.

Download the kernel from:

<https://github.com/mit-pdos/xv6-public>

More info on installing:

<https://github.com/remzi-arpacidusseau/ostep-projects/blob/master/INSTALL-xv6.md>

The manual: For information on the xv6 kernel:

<https://pdos.csail.mit.edu/6.828/2017/xv6/book-rev10.pdf>

Familiarize yourself with the main commands in the OS.
